

RENOYER LE QSO À LoTW Pour renvoyer les QSO à l'ARRL (pour le LoTW), par exemple en cas de panne de serveur ARRL, il suffit d'appuyer sur le bouton « Réinitialiser le champ LoTWs » puis sur le bouton de téléchargement comme visible dans la troisième image.

Dans l'image suivante, la section QSL montre dans la colonne LoTWs les lettres Y qui identifient les QSO envoyés au LoTW.

QSO: 59

Après avoir appuyé sur le bouton « Réinitialiser le champ LoTWs », la colonne passe de Y à N, tous les QSO présents dans la fenêtre « Section QSL » seront alors étiquetés avec N, c'est-à-dire prêts à être renvoyés au LoTW
